Glass: Trimlite Armour Series

ProTek®

SECURITY DOOR

The ProTek® Security Door features for superior strength and protection:

- Laminated full length security stile
- Laminated hinge stile
- Reinforced corners
- Standard patterns
- Standard sizes
- Custom sizes for replacement doors
- R14 insulating value
- Warnock Hersey Tested

From the report: "Both test doors met the highest requirements of the standard for Door Impact Resistance." Door Impact Test ASTM-F476. "Standard Test Method for Security of Swinging Doors."

- The difficulty and time required in illegal entry usually discourages perpetrators

Just one kick to a normal metal door

Don't let this happen to you!
One kick can be all it takes to break into a normal metal door. ▶
